## Education

### University of Dhaka

B.Sc in Computer Science & Engineering

2023 - 2026

3.94/ 4 CGPA

## Work Experience

### SuperAnnotate

July 2023 – December 2023

AI Engineer & QA

Remote - PartTime

- Generated training data for large language models (LLMs), focusing on creating high-quality prompt responses across various domains. Reviewed and corrected training data to enhance model performance, contributing to Reinforcement Learning with Human Feedback (RLHF) processes.

## Projects

### • Project Minesweeper with Treasure Hunt

[Source Code](#)

Made a copy of Minesweeper Game with QT creator using C++. It can be played in Easy, Medium, Hard & Custom mode. It also has a unique story mode, in which one has to win Easy → Medium → Hard to get the treasure of the prince. It has the function of timer, flagging bombs, and randomizing bombs to be placed in the  $n \times m$  grid. (Group Project)

### • Coffee Shop Management System

[Source Video](#)

Designed The "Cafe Shop Management" application to streamline cafe operations by managing orders, inventory, employees, billing, and reports efficiently. It was made by Java, JavaFX, Java Database Connectivity, and FXML. (Group Project)

## Technical Skills

**Languages:** C, C++, Java, Python

**Web Dev:** Node Js (Beginner)

**Database:** PostgreSQL (Beginner)

**Developer Tools:** Linux, GitHub

## Competitive Programming

- Participates often in the onsite contest and is an enthusiastic competitive programmer with a knack for tackling challenging tasks on a variety of online judges.

## Algorithmic Competitions/Achievements

- Passed the Preliminary Round and Promoted to 2nd Round in Code Samurai (A Inter-University Hacakthon) 2024 by Bangladesh Japan Information Technology
- TOP 15 Position in DU CTF 2023
- TOP 25 Position in IUT CTF 2024
